

# Practice Periodical on Structural Design and Construction

179 Editor's Note  
*Anatol Longinow*

## Structural Design Forum

180 Design Changes in ACI 318 Code for Structural Concrete  
*Nestor Iwankiw*

180 How Does the Change from ACI 318-99 to 318-02 Influence Capacity?  
*Howard Epstein*

## Construction Forum

186 Midwest Construction... Gridley Bryant... Books... Interesting  
Construction Web Sites... Books... Conferences...  
*Cliff Schexnayder*

## Technical Papers

190 Investigation of a Sheffield Structural Tile Floor Failure Indicates a  
Dangerous Design/Development Oversight  
*Howard J. Hill*

195 Manual Procedures for Least-Weight Design of King-Post Truss  
Systems  
*Lei Xu and Yanglin Gong*

203 Potential Thermal Degradation of Attic Framing and Wood Sheathing  
*Jason V. Smart, Frank E. Woeste, and Joseph R. Loferski*

209 Understanding Capacity Rating of Bridges from Load Tests  
*Chun S. Cai and Mohsen Shahawy*

217 Audacious and Elegant 19th Century Porto Bridges  
*Paulo J. S. Cruz and J. M. Lopes Cordeiro*

226 Applying Handheld Computers in the Construction Industry  
*Trefor P. Williams*

*contents continued from front cover*

## **Discussions and Closures**

- 232 Discussion of “Direct Tension Indicators” by Carl Lehman  
*John Springfield*
- 232 Closure by *Carl J. Lehman*
- 234 2003 Annual Index
